

Returning Unwanted Medicines

As part of their contract all pharmacies in the UK can accept returned medicines from patients or care homes.

If it is convenient then take the medicines to any local pharmacy and ask them to take them from you.

However, if you would like to return your medicines to PillSorted then please print this form and send the medicines back to us using the Freepost address below, enclosing the form in the package.

Please Note: Controlled Drugs cannot be sent through the post and do need to be taken to a local pharmacy for destruction.
